Free alphabet spinner template

Help children master the alphabet with this printed alphabet counters. Practice ABC or start letters with cute images kids will reveal how they rotate the wheel. You can do this for your class or have kids make their own if they have the fine motor skills needed to do so. * This post contains affiliate links * While worksheets may be great for learning the alphabet, hands on interactive activities are way better. This one is really easy to customize, and since there are 6 images for each of the letters of the alphabet there will be a lot of practice to master the sounds. 25 letters have the beginning of the sounds of the said letter, while the letter x has 2 of x as the beginning of sounds and others with medium or last sounds. Both the color and black and white versions are included – with the black and white version, you can What you need: Optional: staining supplies, if you print the black and white version of the Step by Step Tutorial Print Patterns (harder printed paper or checker recommended, you can also laminate the counter). We recommend that you print the upper parts (in capital letters) on the colored kartoka. Cut out the parts of the counter, for one supremacist you will need a top with a capital letter and a bottom with 6 images and words). Run a hole in the middle. The hole should be smaller than your brad's head (or similar). Place the top over the bottom, align them and slide the brad through both holes. Flip over, scatter Brad's legs apart. It's ready! Your alphabet counter is ready for use by your children. Become a member and get Alphabet Spinner (and other cool to print) This printable is available in our members area. Help your little alphabet master with this fun printed alphabet counter! Your kids can work on their ABC with hilarious photos they can reveal when they spin the wheel. What you need: Easy steps: Click here to print your childfirst alphabetical counter. Print the image on white paper and the cover page in a capital letter in a fun and bright color. Cut out the print clipping and pierce the hole through the central hole. Place a white page with images at the bottom and cover with a colorful cover page. Glue pin through the hole and secure. Now your little ones can play and color in all the photos by studying their ABC! #Activities #DIY #Education #ABCs #ABCs Time for more alphabet fun with these alphabet counters. They focus on specific sounds and 3 letters of words your child may have to go to sound! Prep Download your alphabet suminator at the bottom of this post. Print the pages you want on the card or paper. Cut out the outside of the circle and cover. Punch a hole in the centre circles and attach along with brad. It's easier for adults to cut them out, but if your kids want to have a go that will give them hands a great workout. These alphabet suminators are colored, but they are available in black and white in a full A-Z package. Link below. For Aussie spells there is a 2-and-a-year version A at the end of the axe. How to use your alphabet counters Talk about the letter sounds with your kids. Read the cover sentences together, pointing to the target letters. Kids revolve mags around to read different words – well tells photos! Most are 3-letter words (or 3 basic sounds) to give children the chance to sound words. Want more free alphabet actions? Get your free alphabet counters Click the following highlighted link for your alphabet Spinners and it will immediately be sent to the download folder or other device equivalent. Want the whole A-Z package? The package includes suminators for both hard and soft C and G. Comes in both color and black and white. You can pick it up at my teachers' shop to pay teachers.
